

Creative Director: Jane Zhang

Designer: Erin Lee

- Love the embedded Minesweeper
- Sometimes the new window doesn't appear on top when I click a folder
 - If that's tough to fix maybe shift the pop-up locations so they don't overlap so much?
- Lower folders are hard to read, maybe keep the text white?
- Stretch background to fit the full screen
- Implement mobile view/responsiveness

Overall it looks so good thank you for working so hard on it!!
